REX Boating Club

The REX Boating Club (RBC) is a membership-only boating club providing high quality, well maintained, “turn-key” boating enabling our members, their families, and friends to create a lifetime of cherished memories on Long Island Sound.

At a fraction of the cost and absent the commitments of boat ownership, the RBC adds unprecedented value to the pleasures of boating. The club is managed by Rex Boating Club LLC, tracing its boating heritage back to 1936 when Louis J. Gardella founded Rex Marine Center.

Members do the boating, and the RBC crew does the rest – daily cleaning, preventative maintenance and repairs, seasonal decommissioning and commissioning, winter storage, waxing and painting, etc. Rex Boating Club offers a one-day boating safety class so members can obtain their Connecticut Safe Boating Certificate (SBC), and a private, comprehensive on-water orientation with a USCG-licensed Captain.

The RBC makes a boating lifestyle so easy. Members simply schedule their boating day through the RBC Scheduling system, and arrive at the RBC Dock ready for a wonderful day on the Sound. RBC crew help at every stage and the only extra cost is that of fuel use.

Included in your membership is a **one-day** program which earns your lifetime Connecticut Safe Boater Certificate, successfully completed by anyone as young as age 9. Out-of-state certificates are transferable.

Most importantly, your membership includes our private comprehensive on-water boat orientation and instructional session, with a US Coast Guard licensed RBC training captain on the same Club boats you will be using all summer. By session's end, you will be comfortable and confident travelling about Norwalk Harbor, and prepared to see and visit the exciting places that make Long Island Sound boating special and memorable.

Do I need special gear or equipment?

No, since each boat is equipped with GPS, a depth finder, a VHF ship-to-shore radio, and all convenience and safety equipment required by State and Federal laws. If fishing is your thing just bring along your gear. The Rex Marine Store offers RBC members convenience items like ice, soft drinks, snacks, and gear for tubing and other water sports.

What boats are available?

The Rex Boating Club selects safe, high-quality boats designed for the conditions normally found on Long Island Sound. The Club fleet currently includes ten boats ideal for general cruising and water sports, our 25' and 23' Cobalt & Chapparral Bow Riders, plus 23' Sea Hunt and TideWater models suitable also for fishing. Club boats can comfortably accommodate two families and all feature a private head (that's a bathroom for land-lubbers). The RBC continually evaluates our fleet mix to assure our members love our boats. We welcome member input in this and all aspects of Club operations.

Tell me about your Dock Managers

RBC crew members have a love for (and often a family background on) Norwalk & Long Island Sound waters. You will find them well trained, professional, helpful and friendly. They know that the Rex Boating Club's only purpose is to provide safe, convenient boating fun for our members and their families and friends.

How do I get more information or request a free demonstration boat ride?

Who may operate the boat?

Our insurance company requires an Authorized Operator to be a Member no less than 25 years old.

How many guests may be brought along?

As many guests as each boat's capacity plate indicates. Most of our boats allow up to 12 persons.

Will I be able to reserve a boat during even the most popular weekends and holidays of the summer?

Absolutely. Simply make your reservation 24/7 online using our real-time scheduling system to confirm the dates of your choice. Since the

RBC carefully maintains the ratio of boats-to-members to assure excellent access, even some weekend days begin with boats available for last minute escapes! Our most popular memberships allows you to reserve one weekend use per weekend, and even a 2nd use the same weekend on standby. Light demand makes most weekdays wide-open for as much time on the water as you desire. You will have plenty of opportunity to make the most of your RBC membership.

How do I schedule a boat?

99% of our reservations are made using Schedulemaster, our online, real-time reservation system. In about a minute, you will view 10 or more Club boats and be able to confirm your reservations instantly. Captain's Choice, Skipper, Total-Use, & Flotilla plan members may reserve one use per weekend, up to 28 or 29 days in advance. Members may request additional same-weekend uses per Standby policy. **For most memberships “nearly limitless” Off-Peak season use is included, offering dozens of early and late season opportunities on the water!**

Are there additional costs or fees?

You only pay for the fuel you use. Boat instrumentation is used to determine fuel usage, saving you a visit to the fuel dock. You will receive a detailed record of fuel use.

Do I need boating experience to become a member?

No. In fact, most of our members had no boating experience before joining the RBC. Since 2005, the Rex BC has enabled hundreds of new boating families to experience the pleasures of Long Island Sound boating!
